CURRENT BIBLIOGRAPHY

The Current Bibliography is the most complete and up-to-date international bibliography of recent Dostoevsky research published at present. It has been the intention of the compilers that the Current Bibliography when used as a supplement to the preceding issues of the IDS "Bulletin" and "Dostoevsky Studies" be as nearly inclusive as possible of all material published from 1970 to the present year. It is our aim for the bibliography eventually to be exhaustive. Consequently the latest year is usually the least representative, and the earlier years become more and more complete as time goes by. In general, we can say that over a three to four year period the entries for the first of those years will be nearly complete.

Colleagues are encouraged to forward items which have thus far escaped listing and new sources as they are discovered to:

Professor Martin P. Rice
Associate Editor, "Dostoevsky Studies"
Department of Germanic and Slavic Languages
Knoxville, Tennessee 37996
U.S.A.

The compilers would like to thank the many colleagues who have contributed items for this year's bibliography.
