

CURRENT BIBLIOGRAPHY

A new member has joined our staff for the preparation of the Current Bibliography in this issue of the IDS Bulletin. Ms. Rebecca Atack of the Special Languages Library of the University of Illinois replaces Ms. Gail Aiken of the University of Tennessee, who prepared the section devoted to Western Non-Slavic languages in IDS Bulletin No. 6. Ms. Atack is responsible for Professor Martin Rice's portion of the bibliography during the remainder of his leave of absence. Professor June Pachuta of the Special Languages Library of the University of Illinois, Professor Douglas Freeman of the University of Tennessee Library, and Mr. Michael Schatoff of the Russian Book Chamber Abroad continue to be responsible for the same portions of the bibliography as in past issues.

The Current Bibliography continues in the format introduced in IDS Bulletin No. 5 and is divided into the following sections:

- I. Western Non-Slavic languages (compiled by R. Atack)
- II. Languages of the Soviet Union, including Emigré (compiled by D. Freeman and M. Schatoff)
- III. East European languages (compiled by J. Pachuta)

It has been the intention of the compilers that the Current Bibliography, when used as a supplement to the preceding issues of the IDS Bulletin, be as nearly inclusive as possible of all material published from 1970 to the present year. It is our aim for the bibliography eventually to be exhaustive. Consequently, the latest year is usually the least representative, and the earlier years become more and more complete as time goes by. In general we can say that over a three to four year period the entries for the first of those years will be nearly complete.

Citations for inclusion in the Current Bibliography were received from many contributors, to whom the compilers extend their appreciation. Colleagues are encouraged to forward items which have thus far escaped listing and new sources as they are discovered to:
